

Mini Adventures July & August

One Day Adventures For Families and Ages 8+

IBA Kayak Tour—\$50 (Members \$40)

Fridays (June 21 & July 5) 4p–6p

Saturdays (July 27 & August 17) 10a–12p

Discover the Important Bird Area (IBA) along the Scioto River from a different point of view. Learn about the history of the river and Whittier Peninsula while looking for birds on the water! This tour will start at the boat ramps at Scioto Audubon Metro Park. We will explore the inlet and paddle the Scioto Mile to downtown and back. Participants must be at least 10 years old. Kayaks are single seaters. Participants under 18, must be accompanied by an adult

Avian Adventures— \$75 (Members \$60)

Fridays (July 19 & August 9) 9a–3p

Are birds related to dinosaurs? How do they fly? Why do some birds migrate while others do not? Learn all about birds and their adaptations at this one-day immersive camp! Discover bird anatomy, learn the basics of birding, dissect an owl pellet, construct a nest that can protect an egg, and design your own bird feeder to take home. Designed for ages 8-12

**Register for the above camps at
tickets.audubon.org/grange/events**

The above camp dates and times are subject to change. Camps may be cancelled if minimum participant level is not met. Kayak tours are dependent on weather and river conditions and may require make up dates.

Grange Insurance Audubon Center

505 W. Whittier St.

Columbus, Ohio 43215

Audubon has a long history of providing life-changing experiences in natural settings with over 30 summer camp programs in the U.S. Register your child to be part of this amazing network of camps around the country right here at the Grange Insurance Audubon Center! Join us this summer as we explore the grounds of the Grange Insurance Audubon Center and the different habitats of the Scioto-Audubon Metro Park. Using books, games, crafts, songs, hikes, water play and wildlife we will awaken youth to the beauty of the natural world and inspire campers to make connections between their actions and their environment.

Meet Our Camp Counselors

GRACYN FULLING ANNE SCOTT

About Anne

This will be Anne Scott's second summer leading camp at GIAC. Anne has nearly 10 years of experience working with children. Previously, she has been a rowing coach, youth swim instructor, adventure camp leader, and preschool teacher. She has a BA in Geography and Environmental Studies from Bucknell University.

About Gracyn

This will be Gracyn's second year leading a summer camp! She has previously taught camp at The Ohio Wildlife Center. Gracyn has nearly 7 years of wildlife education experience between GIAC, Ohio Wildlife Center and the Columbus Zoo. She has also assisted in teaching youth scuba diving. She has a BS in Zoology and a BA in Biology from Otterbein University.

OUR 2024 CAMPS

June Half-Day Camps

Pre-K – (ages 4–5)

Session 1A– M–F June 3rd–7th, 9a–11:30p
Nature Explorers – \$225 (Members \$205)

Campers will explore the park's four different habitats and learn about what plants and animals need to survive. Discover the world of pollinators by investigating birds, bugs, and other creepy crawlies.

Session 1B– M–F June 17th–21st, 9a–11:30p
Water Wonders – \$225 (Members \$205)

Discover the wonder of water! Campers will learn about the water cycle, explore the park's aquatic habitats, search for creatures in the wetlands, play water games, and splash in sprinklers.

K–1 (ages 5–7)

Session 2A– M–F June 10th–14th 9a–12p
Audubon Artist – \$225 (Members \$205)

Experience the beauty of nature and discover your inner artist! Campers will explore a different art medium every day including painting, drawing, clay, collage, and more. The week will end with a camper art exhibition to showcase masterpieces with family.

Session 2B– M–F June 24th–28th, 9a–12p

Aquatic Adventures – \$225 (Members \$205)

Beat the heat this summer and discover aquatic adventures! Campers will learn about the water cycle and explore the diversity of animals that live in the aquatic habitats around the park. Play water games, splash in sprinklers, net for macroinvertebrates in the wetlands, and see what creatures live in the river.

July Full Day Camps
